Annual Berthing Refund Policy

Unless specified otherwise, defined terms within this Annual Refund Policy have the same meaning as those given within the Freedom Berthing Package Agreement OR Berthing Plus Otium Package Agreement OR Standard Berthing Agreement (**Agreement**) in place between the Company and the Owner. During the Term of the Agreement there can be genuine reasons why an Owner may wish to relinquish their Berth. The Company recognises this and provides for the following.

Only Owners who have paid all charges which have fallen due to the Company under the terms of the Agreement are entitled to take advantage of this Policy.

Account 'Suspended'

In the event that an Owner has sold their boat and intends to purchase a new boat (and therefore does not require the use of a berth for a period of time), the following may be arranged at the discretion of the Company:

Upon receipt of 4 weeks written notice of termination from the Owner MDL will calculate the value of any unused Freedom Berthing / Berthing Plus Otium / Standard Berthing Charge on a pro-rata basis up to the end of the notice period. Any credit balance will be held by the Company on the Owner's account for up to 24 months and will be set off against any future Freedom Berthing / Berthing Plus Otium / Standard Berthing Agreement entered into by the Owner and the Company. In the event that this credit balance is unused after 24 months from the original date of termination of the Agreement, the Cancellation of Berth Policy (as scheduled below) shall apply without further notice to the Owner.

The above arrangement does not apply to any other situation where a member may not wish to use the berth for a period of time during the Term of the Agreement.

For Owners who would like to suspend their Agreement and are who paying their Annual Charge via equal monthly Direct Debit instalments, a top-up payment may be required to bring their account balance into credit and in line with the terms of the Cancellation of Berth Policy. The account balance in these circumstances will be calculated for the period from the commencement of the Term to the end of the 4 weeks' termination notice period using the Company's published monthly tariff rate. Alternatively, the OWNER may continue to pay the Direct Debit instalments until the expiry of the Term, or such point as the account is cleared. To enjoy account "suspended" benefit the Owners account must be in credit.

Cancellation of Berth Policy

Subject to the terms of the Agreement, an Owner may cancel their berth at any time during the Term, subject to 4 weeks written notice being provided to the Company. If payment of the Freedom Berthing / Berthing Plus Otium / Standard Berthing Charge has been made in full by the Owner prior to termination, the Company will credit any Annual Charge "Single Payment" invoice previously issued and then re-invoice the Owner for the period between the commencement of the Term and the date of the termination of the Agreement.

Note that for the purposes of calculating the reissued invoice referred to above, the Company's published monthly berthing rate shall be used. For the purposes of this Annual Refund Policy, the monthly berthing rate is the rate published from time to time in the Company's additional services tariff for monthly berthing, not any monthly direct debit instalments which may have been payable by an Owner in respect of the Freedom Berthing / Berthing Plus Otium / Standard Berthing Charge under the terms of the Agreement.

For those OWNERS who have elected to pay their Freedom Berthing / Berthing Plus Otium / Standard Berthing Charge by monthly direct debit instalments, any debit balance in monthly payments after applying the Monthly Berthing Rate will be payable to the Company.

The Company will endeavour to provide the Owner with a statement of the balance on their account (debit or credit) within 14 days of written notice of termination being received. Owners must not cancel their direct debit payments pending receipt of such statement. Appropriate and proper adjustment to your account will then be made either by refund to you (if in credit). Alternatively (if a debit balance) you should continue your direct debit instalments and or settle any shortfall by cash or credit card) until the debit balance is cleared.

In all cases, if the payment was made by credit card, the credit card surcharge is not refundable.

If the termination of the Agreement is within one month of the Agreement commencing, you will be charged a minimum of 1 full month at a rate pro-rata to the original contract price, i.e. 1/12th of the original contract value.

Transfer of Boat Ownership

In the event that the Owner sells / transfers the ownership of the Boat during the Term of the Agreement, and where the new owner wishes to continue to berth the boat at the marina, the Company will not unreasonably refuse to enter into a new Freedom Berthing / Berthing Plus Otium / Standard Berthing Package Agreement, Mooring Services and Hardstanding Package Agreement, Services and Dry Berthing Package Agreement with any new owner following the transfer of ownership of the Boat. The Company will not make any charge to administer this change although it is subject to all accounts being settled in full prior to the date of transfer. The Company shall not transfer any monies between customer accounts and the new owner will be required to sign a new berthing / mooring package agreement in the normal way.

Additional Terms

In each of the above instances, the Owner is required to return to the Company any Freedom Berthing / Berthing Plus Otium / Access card at the time of giving notice and the Company reserves the right to charge for any Freedom Berthing / Berthing Plus Otium / Standard Berthing Package benefits taken but that have not been 'earned' on a pro-rata basis. This means any excess of visitor nights, fuel benefits or yard discounts / services provided beyond pro-rata entitlement under the Freedom Berthing / Berthing Plus Otium / Standard Berthing Package scheme (will be charged at the current daily visitor berthing rate or fuel and yard services charges as the case may be. Where hardstanding has been taken in redemption of Freedom Berthing / Berthing Plus Otium / Standard Berthing Package benefits beyond pro-rata entitlement, the Company reserves the right to charge these services at the prevailing rate.

Probate

The Company shall require any executor seeking a refund on behalf of an Owner's estate to provide the Company with a sealed grant of probate identifying the executor's authority to administer the Owner's estate before any refund under this Policy is made.
