

PARK RULES

GENERAL

These rules, which are designed to benefit all bona fide campers and caravanners, set out general standards of conduct and behaviour expected of them.

ARRIVAL – CHECK-IN TIME IS FROM 1PM

On arrival campers and day visitors should register at reception. If reception is closed, report to the warden. Please note that the latest arrival time is strictly 10pm. Admittance after this time will not be allowed and no refund will be issued for any unused stay.

PAYMENT

Payment is to be paid at least 28 days prior to arrival. Provisional bookings will be re-let if balance not received. **NO REFUNDS GIVEN.**

Any receipt of payment should be retained throughout the stay.

ADMISSION

Admission to the park implies a commitment to uphold the internal rules of the park. Tents or caravans should be placed only as directed by the management and may be transferred to other pitches, if the management thinks it is necessary to maintain the condition of the pitches.

The management is entitled to refuse admission when this appears to be necessary in the interests of the park occupants. No commercial vehicles are permitted to stay on the park.

Trading in the park is forbidden except when authorised in writing by the management.

THE PITCH

Keep the pitch tidy, with the minimum of equipment stored outside and tidily placed. Only one tent/tourer/motorhome per pitch. Any tent larger than one man must be erected on its own pitch and will be charged for.

USE OF CARS

Cars may be driven only directly between the park entrance and the pitch, and must never be driven above 5 m.p.h. within the park confines. It is essential to avoid leaving the car engine running, or revving unnecessarily and banging car doors at night. Cars should be parked as directed by the management, but in any event must not encroach on neighbouring pitches.

SANITATION

Chemical toilets and waste water containers must be emptied only in the places provided for the purpose, or in accordance with the instructions of the management.

REFUSE DISPOSAL

Refuse must be placed in the receptacles provided.

MAXIMUM LENGTH OF STAY

Please note maximum length of stay is 28 days.

LAUNDRY/WASHING UP

The washing of clothes and dishes is forbidden at taps which provide drinking water. Washing lines must not be hung from trees or shrubs.

FIRES/BARBECUES

The lighting of fires is forbidden, but proprietary barbecues are permitted, but must not be placed directly onto the ground and must be extinguished by 10pm.

DOGS & OTHER PETS

Dogs are not permitted in any of the buildings. Dogs must always be kept on a leash and other pets must be kept under proper control. They must not be allowed to foul the park and must strictly be exercised off the park.

NOISE & NUISANCE

Musical instruments, audio equipment and similar appliances should be used considerately during the day, and not after 10pm. Between the hours of 10pm and 7am absolute quiet should be observed.

Children must be under the supervision of their parents or guardians at all times.

GAMES

Any games, particularly ball games, are only allowed in the play area.

GENERAL BEHAVIOUR

Respect the park and amenities – do not damage plants, trees or grass – do not dig holes for any purpose whatsoever – do not drop litter – do not intrude on your neighbour's privacy or pitch.

DEPARTURE – CHECK OUT TIME 11AM

You should leave the park by 11am at the latest. Ensure that the pitch is left as you would wish to find it on arrival.

PARK MANAGEMENT

Accommodation on the park is provided on the condition that all the rules and instructions given by the management are observed. Any person in breach of these rules will be asked to leave the park.

PLEASE NOTE

Some facilities will be limited to the high season. Modification and improvements to park facilities and areas are being carried out continuously. The company shall not be liable in respect of their non-availability or otherwise due to circumstances beyond its control.
